Circular Letter No. 06-1476

RE: [CORRECTION](#): 4-1-2006 Assigned Risk Rates

Circular Letter No. 06-1474, issued January 12, 2006, announced new Assigned Risk rates effective April 1, 2006 and provided a copy of the rate schedule. It has come to MWCIA staff's attention that an error exists in the minimum premiums listed for the four domestic classification codes: 0908; 0909; 0912; and 0913, and the population classification code 7708.

Attached is a corrected copy of the new Assigned Risk Plan Rate Schedule including the Miscellaneous Values Pages for your convenience. If you have any questions regarding this matter, please contact one of our Underwriters at 952.897.1737 (Option 1) or by email at info@mwcia.org.

Taxicab Driver Payroll

When the payroll of taxicab drivers is not verifiable in the payroll records of the insured, the payroll of such drivers shall be established as 150% of the statewide average weekly wage extended for the period of employment during the policy term.

If the owner also rents or leases the vehicle, an additional premium will be charged for each leased or rented vehicle per policy year based on 100% of the statewide average weekly wage extended to an annual basis.

Experience Rating Eligibility

A risk is eligible for intrastate experience rating when the payrolls or other exposures developed in the last year or last two years of the experience period produced a premium of at least \$8,000. If more than two years, an average annual premium of at least \$4,000 is required. Page A-1 of the **Experience Rating Plan Manual** should be referenced for the latest approved eligibility amounts by state.

Merit Rating Eligibility

A risk is eligible for Minnesota merit rating when payrolls or other exposures developed within the rating period do not qualify an employer in the Minnesota Assigned Risk Plan for an experience modification factor. Refer to Minnesota Page E-1 in the **Experience Rating Plan Manual** for information on the Minnesota Assigned Risk Plan Merit Rating Program.

Safety Program Rating Plan — Rule

The total net debit or credit produced by this rating plan is added to unity then applied multiplicatively to the risk's standard (i.e., after the application of experience rating) premium. The result is the risk's net premium.

Each individual debit or credit shall be based on relevant evidence that is contained in the file of the inspecting underwriter. Rate modifications will not be made effective until supporting evidence is received by the underwriter.

The basis for determining a risk's overall rate factor shall be made available to the employer so that corrective measures may be taken by the employer to improve safety and reduce premium.

Each employer shall maintain the right of appeal with respect to its assigned rating modification factor. A written response detailing the basis for its rebuttal shall be provided by the employer to the Assigned Risk Plan Administrative office. An admissible basis for appealing a rate is an employer's claim that financial constraints make required improvements infeasible.
